To Whom It May Concern:

TJ Brother's Construction is an extremely reliable, dependable, and efficient company. The gentleman that worked on my home were friendly and professional, and we truly enjoyed having them. They displayed a determined work ethic and came early every morning and stayed late every evening. They worked to ensure that my family and I were truly pleased with their work, and were eager to fix anything that wasn't perfect, although it always was! These men are very intelligent and trained properly in their trade; this was proven through precise work that truly transformed my home. John, the owner of the company, would come by periodically to make sure that things were running smoothly and that our family was pleased. These men are among the most dependable and professional construction workers I have ever encountered! I'm happy to say that John is considered a dear friend of our family. TJ Brother's goes above and beyond the average standard of home construction and turned my old-fashioned house into a modern, stylish, beautiful home. I will continue to use TJ Brother's Construction in the future and would highly recommend this company to anyone in the market for home improvements!

Signed a very please customer,

Maryanne Pinto
