RE: Letter of Recommendation

Dear John,

I am writing this letter to show our appreciation for your effort over the past several years. TJ Brothers is a fantastic organization lead by an owner in John Chan that defines honesty integrity, and quality of work ethic. I have been fortunate to have TJ Brothers involved in several of my projects, because their quality of workmanship, attention to detail and ability to get the job done is beyond most, if not all carpentry subcontractors in the industry today. Along with everything that I have mentioned above, one of the most important attributes that TJ Brothers has brought to our projects is that of cost savings. We have not received a request for change order from them, outside of scope changes by the owner, in over two and a half years of working together. When they give me a price, I can have the confidence that it is the correct number and it will not grow. In the economic climate of today trust is everything and with TJ brothers involved in a project with us, I can rest easy knowing that my trust is placed with the right organization.

Thankfully,
